Transfer Opportunities

MATC has hundreds of transfer agreements which make it easy to transfer credits to many four-year colleges and universities throughout the country. Some are course-to-course transfer agreements, others will allow complete degree transfer. In many cases, associate degree graduates can enter other institutions with junior status.

Online and Bilingual Options

MATC offers nearly 400 courses and 23 academic programs entirely online. The college also offers nine bilingual programs and apprenticeships to meet the needs of Hispanic and Hmong populations. Numerous individual bilingual classes also are available for pre-college, associate degree, technical diploma and certificate students.
