CALL TO ORDER

The regular monthly meeting of the Education, Services, and Institutional Relations Committee of the Milwaukee Area Technical College District Board was held in open session on Thursday, December 11, 2008, and called to order by Chairperson Royal at 5:00 p.m. in the Board Room, Room M210, at the Milwaukee Campus of Milwaukee Area Technical College.

ITEM A: ROLL CALL

Present: Ms. Melanie Holmes, Mr. Thomas Michalski, Mr. Fred Royal

ITEM B: COMPLIANCE WITH THE OPEN MEETINGS LAW

The Education, Services, and Institutional Relations Committee meeting was noticed in compliance with the Wisconsin Open Meetings Law.

ITEM C: APPROVAL OF MINUTES – November 20, 2008 – Attachment 1

Motion: The minutes were approved without objection.

Action: Motion approved.

ITEM D: COMMENTS FROM THE PUBLIC

ITEM E: ACTION ITEMS

None

ITEM F: DISCUSSION ITEMS

F-1 Green Work Force – Attachment 2

Discussion Dr. Vicki Martin, provost, introduced Dr. Joe Jacobsen, associate dean, Business Division. Mr. Jacobsen briefly described the courses that are going to be offered beginning with the Spring, 2009 semester related to certificates in the area of Sustainability. Dr. Jacobsen also described the jobs that local industries are looking to fill currently and in the near future.
F-2 Faculty Coaching Update – Attachment 3

Discussion
This item has been tabled until the January 2009 update.

F-3 Advising Update – Attachment 4

Discussion
Dr. Martin introduced Dr. Anne Burbach, advising coordinator. Dr. Burbach explained how the counselors and faculty serve new and continuing students as advisors. Dr. Burbach described several of the opportunities available for faculty to advise students. Dr. Martin noted that the Student Success Core Committee will be looking into the recommendations put forth by National Academic Advising Association (NACADA) to continue to improve the Advising process.

Dr. Martin introduced Mr. Al Pinckney, associate vice president, Student Services. Mr. Pinckney described the proposal for the Welcome Center/Call Center. This center will be a one-stop shop for the matriculation process that will include admissions, registration, financial aid, transcripts, and graduation. The proposed implementation date is March 1, 2009. This center will be located in the current registration center on the first floor of the S-Building. The Mequon, Oak Creek and West Allis Campuses will also be implementing this one-stop shop approach.

Dean Levy discussed the petitioning and advising process for the Nursing students and noted that one location for submitting their petitioning documents greatly improved the process.

Mr. Pinckney introduced Ms. Mary O’Leary, paralegal, Student Legal Clinic to give a brief update on GAMP/BADGERCARE+. This program is a potential way to assist students with attaining healthcare. Approximately 6,500 of the 17,000 students that apply for financial aid will qualify for this program. Ms. O’Leary explained the numerous ways that this information will be distributed to our students.

F-4 Girl Scout Career Day Update

Discussion
Dr. Martin introduced Dr. David Turner, dean, Technology and Applied Sciences. Dr. Turner highlighted the program areas that were presented at the Girl Scout Career Day. This opportunity introduced nontraditional careers through hands-on activities to over 100 young girls at the Oak Creek Campus. The workshops were presented by our female faculty and/or their colleagues in the occupational areas.

Dr. Turner introduced Mr. Daniel Stich, faculty, Cabinetmaking and Millwork Program and Ms. Gloria Pitchford Nicholas, interim dean, Liberal Arts and Sciences. Students in the Carpentry program have been making wagons with blocks as a student project. These wagons will be distributed to needy children through the community-based organizations we serve.

F-5 Quarterly Child Care Update – Attachment 5

Discussion
Dr. Martin introduced Ms. Carol Seaman, liaison, Child Care. Ms. Seaman briefly highlighted activities that are taking place in the Child Care Centers across the district.

F-6 Quarterly Advisory Committee Report – Attachment 6
Dr. Martin introduced Mr. Michael Jenkins, director, Curriculum Management to highlight the Quarterly Advisory Committee Report.

Dr. Vicki Martin introduced Ms. Pitchford Nicholas, interim dean, Liberal Arts and Science and Ms. Sarah Adams, registrar. This policy is asking for a modification to the official grading policy. This modification is requested to acknowledge the effort that is put forth by students in the Adult Basic Education programs. Although these students may not have totally mastered the competencies in the level that they are working on, the “E” grade acknowledges the success of the students for the progress that they have made.

It was moved by Ms. Holmes, seconded by Mr. Michalski, to forward the policy revision to the full Board for discussion and approval.

Administrative Specialist to the Provost
Resolution to Approve the Scope Proposal
For New Program Titled
Baking and Pastry Arts (10-314-x)

*Background Information:*

The projected increase in culinary, pastry chef, and baking jobs, both nationally and locally, in addition to the increase in student demand for these programs provides a unique opportunity for the Milwaukee Area Technical College (MATC). To capitalize on this opportunity, MATC is in the process of developing an Associate Degree in Baking and Pastry Arts to provide employee skills for those entering the field.

MATC recognizes the need to incorporate career ladder educational options for this field. Using WIDS and the Regional Industry Skills Education (RISE) – Career Pathways model, the college will modify the existing Baking Production Diploma by changing to associate degree (100 level) courses that will ladder directly into the Associate Degree. The Associate Degree will provide training for occupations such as baker, baker-bread, pastry chef, cook-pantry, and sous chef.

*Resolution*

BE IT RESOLVED, that the District Board of the Milwaukee Area Technical College submit a request to the Wisconsin Technical College System for consideration and approval of the Scope Proposal needed to create the new program titled Baking and Pastry Arts.

G. **Description of Needs Assessment Methodology to establish preliminary need**
   An online Program Needs Assessment survey (see below) will be conducted in February of 2009 among members of the following state and local associations:

   - Wisconsin Restaurant Association
   - Chefs of Milwaukee – American Culinary Federation
   - Wisconsin Bakers Association
   - Wisconsin Innkeepers Association
   - The Greater Milwaukee Hotel/Motel Association
H. Expected Rate of Return (Attach copy of survey instrument)

A response rate of 30-35% is expected, given the relevance of the questions; a three-week window, with reminders; and the incentivizing of the responses for a short 5-minute survey. Survey items target the following areas of concern:

1. Training needs
2. Perceived benefit
3. Familiarity with current programs
4. Likelihood of usage for hiring and training

Draft of email cover letter:

Subject: Need for a Baking and Pastry Arts Associate Degree

Dear Member:

The Milwaukee Area Technical College (MATC) requests your assistance in receiving feedback on its plan to develop and launch a Baking and Pastry Arts Associate Degree Program. A projected increase in pastry chef/baking jobs, both statewide and locally over the next 10 years, as well as the current increase in student demand for such programs provide a unique opportunity for college.

The associate degree in Baking and Pastry Arts would provide entry-level employee skills while incorporating “career ladder educational options” to students. As a result, MATC would also modify its existing Baking Production Diploma to ladder directly into the proposed associate degree. The associate degree will provide training for such occupations as baker, bread baker, pastry chef, pantry cook, and sous chef. A 12-credit certificate would also be made available to aid employment in grocery stores, restaurants, hotels, and specialty shops.

As your association’s Executive Director, I ask that you take 5 minutes out of your busy schedule to respond by clicking on the link below. MATC would appreciate your response by February 16.

Thank you for addressing this potential contribution to our profession.
Baking and Pastry Arts Survey

Please take 5 minutes to answer the following questions to help MATC assess the need for its proposed Baking & Pastry Arts Associate Degree Program. No such program currently exists in the State of Wisconsin. It would teach specialty skills not found in current culinary or baking production programs.

To express thanks for receiving your honest survey responses, your email address will be placed in a drawing for 250 gift certificates for use at the Cuisine Fine Dining Restaurant on the MATC campus in downtown Milwaukee. At the end of the survey, just hit the “done” button below to submit the survey and enter the drawing.

Thank you for providing your feedback on this important matter to MATC and the State’s Technical College System Board.
2. Training & Hiring

I. Analysis of preliminary labor market demand and employment trends for graduates

The U.S. Bureau of Labor Statistics Occupational Outlook data (www.bls.gov/oco/ocos219.htm) show that “Employment in the food preparation sector is expected to increase by 15.3 percent, adding 138,000 jobs by 2016.” In addition, the Bureau of Labor Statistics indicates job prospects “should be available in all food processing specialties because of the need to replace experienced workers who transfer to other occupations or leave the labor force. Highly skilled bakers should be especially in demand because of the growing demand for specialty products and because of the time it takes to learn to make them.

Industry data, obtained from www.economicmodeling.com, for the M7 region indicates a projected 4.5 percent growth in the culinary and head cooks (including pastry chefs) and bakers sector adding 91 jobs by 2012. When looking at the entire state, there is a projected growth of 3.5% adding 217 jobs by 2016.

The U.S. Bureau of Labor Statistics Occupational Outlook earning data (www.bls.gov/oco/ocos219.htm) indicates that the median annual earnings of bakers were $22,030 in May 2006. The middle 50 percent earned between $17,720 and $28,190. The highest 10 percent earned more than $35,380, and the lowest 10 percent earned less than $15,180.

The MATC 2007 Graduate Report indicates that 100 percent of the Baking Diploma graduates were employed and had an average annual wage of $15,565. The report also indicates that in 2007 for the Baking Diploma program there were 135 new and replacement openings over the previous year, 110 projected for 2010, and 135 projected for 2012. Data from the WTCS indicates that the Baking Production Diploma (31-314-2), offered only at MATC, had a student enrollment of 48 in 2008, 38 in 2007, 34 in 2006.

Students currently enrolled in the Baking Production Diploma program were surveyed and 90% indicated that they would continue taking courses to earn an Associate Degree if it were offered. We are projecting that after the first year of offering the Associate Degree, enrollments in the Baking program will double as a result of contenting students from the diploma program, part-time students interested in second careers, and incumbent workers looking to upgrade their skills for advancement.
J. Analysis of how the new degree program relates to the district’s mission, goals and objectives

The investigation of the Baking and Pastry Arts Associate Degree is consistent with the mission statements of the Wisconsin Technical College System and that of Milwaukee Area Technical College. Both focus on the need for technical training for both career entry and retraining of adults in the community as noted below:

Wisconsin Technical College System Mission Statement:

“…The principal purposes of the technical college system are to provide occupational education and training and retraining programs…and to provide customized training and technical assistance to business and industry in order to foster economic development and the expansion of employment opportunities…”

Milwaukee Area Technical College Mission Statement:

“Milwaukee Area Technical College (MATC) is a publicly supported comprehensive higher education institution committed to increasing the potential and productivity of the people in its district through the delivery of high-quality instruction and programs which are consistent with current and emerging educational and labor market needs. General Education is an integral part of MATC programs which provides the knowledge and conceptual abilities that college-educated adults must have to achieve in occupational skills training and to perform more effectively in the demanding, complex world in which they live.”

Educational and Training Initiatives in Support of the MATC Mission

As outlined in the Wisconsin Statutes, Section 38.001, the board endorses the following educational and training initiatives in support of this mission as determined by community needs and financial capabilities:

- Occupational programs and courses to prepare students for entry or reentry into the job market or to pursue further education.
- Education, training, and retraining which are necessary to maintain employability in a technically changing workplace.
- Liberal Arts and Science courses to complement occupationally specific instruction and to provide a transfer option for those who choose to pursue further education at an upper division college or university.

Based upon the employment needs of the local labor market, an associate degree program in Baking and Pastry Arts is consistent with the organizational mission statements of the Wisconsin Technical College System Board and of Milwaukee Area Technical College. It fits well with the college's other existing business programs blending skills from Culinary Arts, Culinary Management, and Hotel/Hospitality with the evolving skills necessary for positions in this economy.
K. Projected cost assessments related to the development and ongoing maintenance of the program

It is projected that the total cost for development of the Baking and Pastry Arts AAS degree will be approximately $300,000. Primarily, the development costs include curriculum development/modification and professional development for faculty to upgrade their skills to meet the higher-level skill demand.

The college has submitted a New and Expanding Occupations GPR grant proposal, in the amount of approximately $145,000, for the 2009-10 fiscal year to pay for the first year curriculum development/modification. If approved, the college anticipates submitting a grant proposal for the second year curriculum development/modification.

The costs for the first year are broken down as follows:

Salaries - $90,503
Fringe benefits - $37,320
Professional development (including travel costs) - $11,205
Supplies - $5,950
L. Documentation of member participation and outcomes of the Ad Hoc Advisory Committee

The Baking and Pastry Arts AAS is being developed under the guidance of Wisconsin Technical College Associate Vice President – Office of Instruction, Annette Severson, and Education Director – Training and Consumer Education, Barbara Schuler.

Due to the multi-departmental nature of the program, a cross-dependent program development team was initiated. The Steering Committee identified below guided the curriculum development process:

Mark Berggren, Instructor, Culinary Arts
Dr. Richard Busalacchi, Associate Dean, Hospitality Programs
Kim Farley, Associate Dean, Liberal Arts
Liane Hanson, Administrative Assistant, Hospitality Programs
Kathleen Hohl, College Advancement
Sue Lukowski, Educational Assistant, Hospitality Programs
Dr. Courtney Marlaire, Associate Dean, Liberal Arts
Cheryl Miranda, Educational Assistant, Baking Production
Tom Pilarzyk, College Advancement/Research Planning & Development
Deb Socha, Instructor, Baking Production

Business community representatives played a significant role.

Discuss Exploration of Baking/Pastry AAS Degree: Rich Busalacchi, Associate Dean of the Hospitality programs, asked committee members their opinions of MATC adding a Baking/Pastry AAS Degree. Ken Heil responded by saying that he felt it would be an excellent addition and would hire MATC graduates. Steve Mertz stated that this is a fast
growing area that has the potential to provide high earnings for students and graduates. David Schmidt also agreed.

Rich Busalacchi pointed out these handouts: AAS degree curriculum from Kendall College and Le Cordon Bleu, and the Culinary Arts curriculum offerings at MATC. The curriculum set-up promotes shared courses; except the core technical courses, optimizing enrollment between two programs and making it easier for students to continue on to an AAS degree.

**Motion:** Renee Crouse moved and David Schmidt seconded the motion to approve the exploration of a plan to offer an AAS degree in Baking/Pastry. The motion carried.

### November 13, 2008 Minutes

New Proposed Baking & Pastry Arts AAS Degree – Rich Busalacchi informed the committee that the Baking Production advisory board approved the proposed Baking & Pastry AAS Degree. He said that there has been an increase in enrollment of 5.2% at MATC this past Fall and that the Baking Production Program has a wait list of around 20 students. He also said that, typically, the best technical college enrollments occur when the economy is down. Rich also reported that a program of this kind would be unique in the state of Wisconsin. The curriculum set-up promotes shared courses; except the core technical courses, optimizing enrollment between two programs (Baking Production) and making it easier for students to continue on to an AAS degree by taking
an additional 15 credits. Rich asked the committee to endorse the concept of adopting a Baking & Pastry Arts AAS Degree.

**Motion:** Tracy Spoerl moved and Julie Hults seconded the motion to approve endorsing the concept of offering an AAS degree in Baking/Pastry Arts. The motion carried.

Resolution to Authorize Milwaukee Area Technical College to Participate in Community-Based Development Program

Background

Milwaukee Area Technical College, University of Wisconsin-Milwaukee, and the City of Milwaukee have joined in a partnership to submit a grant to the Community Economic Development Program to assess the viability of establishing a technology transfer and small business incubator center serving technology start up businesses in the Milwaukee 7 county region which includes: Milwaukee, Waukesha, Washington, Racine, Kenosha, and Ozaukee, Walworth counties.

Currently, the Southeast Wisconsin region is in the midst of an economic renaissance. Supported by funding from private sector businesses, federal and state grants, as well as regional foundations, the southeast Wisconsin region under the leadership of the Milwaukee 7 consortium is poised to implement a strategic framework to rejuvenate and retain high value added industry as well as create an environment and infrastructure for the creation of new industries and job growth for the region. One of the strategic objectives of the M7 consortium and one of major challenges facing this region is to address the sub par level of innovation, technology transfer, and lack of entrepreneurial activity. This feasibility study will attempt to examine this issue and assess the viability of creating a technology transfer business incubator to begin to address this challenge. This grant will seek $10,000 from the State of Wisconsin matched by $10,000 in-kind staff support from MATC and UWM to complete this study.

Resolution

WHEREAS, the State of Wisconsin, Department of Commerce, provides financial assistance to eligible community-based organizations for the purpose of addressing local needs; and

WHEREAS, Milwaukee Area Technical College (“MATC”) desires to participate in the program to receive financial assistance under the Community-Based Economic Development Competitive Grant Program; and

WHEREAS, MATC has the authority to apply for financial assistance and to administer the amounts received from the State of Wisconsin, Department of Commerce, through its Community-Based Economic Development Competitive Grant Program; and

WHEREAS, the MATC Board of Directors must direct and authorize an MATC employee to be the contact person for the application and to provide such additional information as may be required.
THEREFORE, BE IT RESOLVED that the MATC District Board authorizes John Stilp, Vice President, as the official representative of MATC to prepare an application to participate and for financial assistance in the State of Wisconsin, Department of Commerce, Community-Based Economic Development Competitive Grant Program, and provide all information and documentation required in said application for submission; and

BE IT FURTHER RESOLVED, that upon filing said application, the MATC District Board hereby agrees to comply with program guidelines and assurances, and provide equity share funding as described in the application.
MEMBERSHIP

The co-chairs of the sustainability committee are George Stone, a Liberal Arts faculty member, and Mike Sargent, the MATC Vice President of Finance. The sustainability committee is fortunate to have multiple members with a broad range of interests. Included in the membership are:

Kathleen Bates - Environmental Instructor Mequon
Jim Carpenter, Economics Instructor, Milwaukee

ACTIVITIES
1. A task force has been formed to develop an updated strategic plan. The task force has met several times and should complete the Sustainability strategic plan during January, 2009. The Objectives, Strategies, Means and Owners have been defined. The Task Force is currently defining how MATC will Measure progress toward meeting the objectives.

2. Joe Jacobsen and Mr. Ted Wilinski are preparing the curriculum to establish four national certifications as part of the MATC Sustainable Facilities Program.
3. The Metasys system is being expanded to all MATC facilities and will provide real-time data in a prominent place for viewing by visitor to MATC. The data will also be used as a teaching tool for various programs.

4. In response to issues established as critically important at the MATC Sustainability Navigation Session, MATC recently signed a contract with Johnson Controls for the installation and maintenance of campuses’ CCTV (closed circuit television). This project began in December and will be completed by May 1, 2009. MATC also conducted an evaluation of the on campus communication systems during the summer of 2008. The results of the test are being reviewed to formulate a corrective action plan.

5. The committee continues to support the investment by MATC in renewable energy equipment and the introduction of sustainable topics into college course curriculum.

6. The sustainability Committee continues to promote sustainable literacy. The committee is supporting adding books on sustainability to the MATC libraries and participation of MATC faculty and staff in as presenters at sustainable and renewable energy conferences.

7. During the coming year, the strategic plan will include more members of the MATC faculty and staff.

8. A new focus on reviewing the performance of MATC operations for sustainable compliance will take place during FY 2008-10 as a Navigation Session for the Mequon Campus will be scheduled, retro commissioning reviews will be conducted for all buildings.

9. MATC sustainability committee members will provide Education and Leadership in Sustainability to the Community at large.

10. Recycling will receive new emphasis during the coming year. Included will be the implementation of a composting program at the Milwaukee Campus, and working with Waste Management of an imitative to allow MATC to mix recyclable materials for pick up by Waste Management.

**Policies**

**Milwaukee Area Technical College**

**Title:** ADVANCED STANDING  
**Code:** D0402  
**Original Adoption:** 10/22/85  
**Revised/Reviewed:** 3/28/00  
**Effective:** 3/29/00

---

**Introduction**

A student or prospective student may apply for advanced standing based upon work experience, military training, previous coursework, and/or successful completion of competency-based tests. This opportunity shall be publicized throughout the District in appropriate handbooks, catalogues, and promotional materials as well as through faculty and staff communications.

The dean, or his or her designee, of the respective instructional areas shall determine if Advanced Standing will be granted and the amount of credit awarded. Students requesting advanced standing for challenge exams, work experience or life experience are required to pay a fee equal to one half the tuition for the requested credits, prior to the exam or evaluation. The fee covers the cost of the exams and evaluations.

**Granting Advanced Standing**

The granting of Advanced Standing is based upon a student's achievement. When appropriate, the Dean and the Advanced Standing Coordinator (ASC) will employ standardized credit and course equivalency guidebooks in making individual determinations. One or more of the following mechanisms may be used:

1. **Successful completion (i.e., a grade of "C" or better) of a comparable course from an accredited technical institute, college or university. Students may be requested to retake outdated courses when a specific programmatic reason has been documented.**

2. **Having passed a standardized test (e.g., CLEP, DANTEs).**

3. **Having passed an MATC Challenge Exam with a score at or above the minimum criteria level.**

4. **Review of a student prepared portfolio that outlines work experience, specialized training, work samples, and military training.**

5. **Successful completion of an apprenticeship program or having achieved journeyman status.**
6. Successful completion (i.e., a grade of "B" or better) of an approved certification examination (e.g., the Certified Professional Secretary (CPS) and Professional Legal Secretary (PLS) examination).

7. Successful completion of an approved articulation program between a secondary school and MATC.

Review & Appeal of Advanced Standing Decisions

If the student's request is denied, the ASC will inform the student. If the student elects to appeal the decision, s/he must submit the appeal with reasons addressing why the decision should be changed to the appropriate division dean no later than seven (7) business days from receipt of the decision. The Dean will review the record and appeal materials and can affirm or modify the original decision. The Dean will issue a final decision as soon as practicable.

Twenty-five percent (25%) of the total credits for an associate degree must be earned at MATC. Therefore, the maximum number of credits that can be achieved through Advanced Standing cannot be more than the number that would bring a student to the minimum credit hours needed from MATC for graduation.

The procedures developed pursuant to this policy shall be available through the office of the ASC in the Enrollment Services division and published in the Advanced Standing Manual.
POLICY

Subject: Credit for Prior Learning
Number: 323
Adopted: July 21, 1999
Revision Date: November 18, 2008
Page: 1 of 1

The WTCS State Board recognizes the following principles governing the awarding of credit for prior learning:

- Technical colleges shall provide maximum recognition for work completed through nationally or regionally accredited postsecondary institutions or other education, training or work experiences pertinent to the student’s new educational programming and the technical college’s graduation requirements.

- Only postsecondary credits awarded a minimum 2.0 grade point on a 4.0 scale qualify for transfer as credits for prior learning to a WTCS college from a nationally or regionally accredited institution of higher education.

- Articulated credits negotiated between high schools and technical colleges for high school courses for which students later seek college credit require a minimum 3.0 grade point on a 4.0 scale to qualify for transfer as credits for prior learning to a WTCS college.

- Time limits shall not restrict the awarding of credit for prior learning unless a college has documented a specific programmatic reason for time limits.

- Technical colleges shall develop policies and procedures for implementing the State Board credit for prior learning policy. Technical college policies and procedures shall be consistent with the State Board’s policy on credit for prior learning and procedures developed by the System Office.
