Interim President Martin reported that the management team was continually addressing issues related to declining funding sources – state aid and projected property valuation – and increasing enrollments. She noted that the challenge was to balance the budget while maintaining the quality of instruction to students. Dr. Martin presented strategies to address these issues:

- Budget freeze.
- Stimulus monies coming through partnerships and grants.
- Tuition increase.
Mr. Earle distributed “Analysis of Forecasted General Fund Reserves, June 30, 2009.” Mr. Michael M. Sargent, vice president, Finance, discussed the effect of budget planning assumptions on the reserve fund.
