The District shall be and continue without power to repeal such levy or obstruct the
collection of said tax until all such payments have been made or provided for. After the
issuance of the Notes, said tax shall be carried into the tax rolls of the District and collected
as other taxes are collected, provided that the amount of tax carried into said tax rolls with
respect to the Notes may be reduced by the amount of any surplus money in the Debt
Service Fund created pursuant to Section 8 below.

If there shall be insufficient funds from the tax levy to pay the principal of or interest
on the Notes when due, the said principal or interest shall be paid from other funds of the
District on hand, said amounts to be returned when said taxes have been collected.

There be and there hereby is appropriated from taxes levied by the District in
anticipation of the issuance of the Notes and other funds of the District on hand a sum
sufficient to be deposited in the Debt Service Fund to meet payments with respect to debt
service due for the year 2015.
Section 8. Debt Service Fund. Within the debt service fund previously established within the treasury of the District, there be and there hereby is established a separate and distinct fund designated as the “Debt Service Fund for $1,500,000.00 General Obligation Promissory Notes, Series 2015-16B, dated August 4, 2015” (the “Debt Service Fund”), and such fund shall be maintained until the indebtedness evidenced by the Notes is fully paid or otherwise extinguished. The District Treasurer shall deposit in such Debt Service Fund (i) all accrued interest received by the District at the time of delivery of and payment for the Notes; (ii) the taxes herein levied for the specific purpose of meeting principal of and interest on the Notes when due; (iii) such other sums as may be necessary at any time to pay principal of and interest on the Notes when due; (iv) any premium which may be received by the District above the par value of the Notes and accrued interest thereon; (v) surplus moneys in the Borrowed Money Fund for the Notes; and (vi) such further deposits as may be required by Section 67.11 of the Wisconsin Statutes.

No money shall be withdrawn from the Debt Service Fund and appropriated for any purpose other than the payment of principal of and interest on the Notes until all such principal and interest has been paid in full and canceled; provided (i) the funds to provide for each payment of principal of and interest on the Notes prior to the scheduled receipt of taxes from the next succeeding tax collection may be invested in direct obligations of the United States of America maturing in time to make such payments when they are due or in other investments permitted by law; and (ii) any funds over and above the amount of such principal and interest payments on the Notes may be used to reduce the next succeeding tax levy, or may, at the option of the District, be invested by purchasing the Notes as permitted by and subject to Section 67.11(2)(a) of the Wisconsin Statutes in interest-bearing obligations of the United States of America, in other obligations of the District or in other investments permitted by law, which investments shall continue as a part of the Debt Service Fund.

When all of the Notes have been paid in full and canceled, and all permitted investments disposed of, any money remaining in the Debt Service Fund shall be deposited in the general fund of the District, unless the District Board directs otherwise.

Section 9. Deposits and Investments. The Debt Service Fund shall be kept apart from moneys in the other funds and accounts of the District and the same shall be used for no purpose other than the prompt payment of principal of and interest on the Notes as the same becomes due and payable. All moneys therein shall be deposited in special and segregated accounts in a public depository selected under Chapter 34 of the Wisconsin Statutes and may be temporarily invested until needed in legal investments subject to the provisions of Sections 66.0603(1m) and 67.10(3) of the Wisconsin Statutes. All income derived from such investments shall be regarded as revenues of the District. No such investment shall be in such a manner as would cause the Notes to be “arbitrage bonds” within the meaning of Section 148 of the Code or the Regulations of the Commissioner of Internal Revenue thereunder.

The District Treasurer shall, on the basis of the facts, estimates and circumstances in existence on the date of closing, make such certifications as are necessary to permit the
conclusion that the Notes are not “arbitrage bonds” under Section 148 of the Code or the Regulations of the Commissioner of Internal Revenue thereunder.

Section 10. **Sale of Notes.** The terms, conditions and provisions of the Notes and the Note Documents are, in all respects, authorized and approved. The form of the Note Purchase Agreement is hereby approved. The Notes shall be sold and delivered in the manner, at the Purchase Price, plus interest accrued from the Interest Accrual Date to the closing date, pursuant to the terms and conditions set forth in the Note Purchase Agreement.

The preparation of the Preliminary Official Statement and the Final Official Statement, and their use as contemplated in the Note Purchase Agreement, are hereby approved. The Preliminary Official Statement is “deemed final” as of its date, except for omissions or subsequent modifications permitted under Rule 15c2-12 of the Securities and Exchange Commission. The Chairperson, the Vice Chairperson and Secretary of the District are authorized and directed to do any and all acts necessary to conclude delivery of the Notes to the Underwriter, as soon after adoption of this Resolution as is convenient.

Section 11. **Book-Entry Only Notes.** The Notes shall be transferable as follows:

(a) Each maturity of Notes will be issued as a single Note in the name of the Securities Depository, or its nominee, which will act as depository for the Notes. During the term of the Notes, ownership and subsequent transfers of ownership will be reflected by book entry on the records of the Securities Depository and those financial institutions for whom the Securities Depository effects book entry transfers (collectively, the “Participants”). No person for whom a Participant has an interest in Notes (a “Beneficial Owner”) shall receive bond certificates representing their respective interest in the Notes except in the event that the Securities Depository or the District shall determine, at its option, to terminate the book-entry system described in this Section. Payment of principal of, and interest on, the Notes will be made by the Fiscal Agent to the Securities Depository which will in turn remit such payment of principal and interest to its Participants which will in turn remit such principal and interest to the Beneficial Owners of the Notes until and unless the Securities Depository or the District elect to terminate the book entry system, whereupon the District shall deliver bond certificates to the Beneficial Owners of the Notes or their nominees. Note certificates issued under this Section may not be transferred or exchanged except as provided in this Section.

(b) Upon the reduction of the principal amount of any maturity of Notes, the Registered Noteowner may make a notation of such redemption on the panel of the Note, stating the amount so redeemed, or may return the Note to the District for exchange for a new Note in a proper principal amount. Such notation, if made by the Noteowner, may be made for reference only, and may not be relied upon by any other person as being in any way determinative of the principal amount of such Note Outstanding, unless the Note Registrar initialed the notation on the panel.

(c) Immediately upon delivery of the Notes to the purchasers thereof on the
delivery date, such purchasers shall deposit the bond certificates representing all of the Notes with the Securities Depository. The Securities Depository, or its nominee, will be the sole Noteowner of the Notes, and no investor or other party purchasing, selling or otherwise transferring ownership of any Notes will receive, hold or deliver any bond certificates as long as the Securities Depository holds the Notes immobilized from circulation.

(d) The Notes may not be transferred or exchanged except:

(1) To any successor of the Securities Depository (or its nominee) or any substitute depository ("Substitute Depository") designated pursuant to (ii) below, provided that any successor of the Securities Depository or any Substitute Depository must be a qualified and registered "clearing agency" as provided in Section 17A of the Securities Exchange Act of 1934, as amended;

(2) To a Substitute Depository designated by or acceptable to the District upon (a) the determination by the Securities Depository that the Notes shall no longer be eligible for depository services or (b) a determination by the District that the Securities Depository is no longer able to carry out its functions, provided that any such Substitute Depository must be qualified to act as such, as provided in subparagraph (1) above; or

(3) To those persons to whom transfer is requested in written transfer instructions in the event that:

(i) The Securities Depository shall resign or discontinue its services for the Notes and, only if the District is unable to locate a qualified successor within two months following the resignation or determination of noneligibility, or

(ii) Upon a determination by the District that the continuation of the book entry system described herein, which precludes the issuance of certificates to any Noteowner other than the Securities Depository (or its nominee) is no longer in the best interest of the Beneficial Owners of the Notes.

(e) The Depository Trust Company, New York, New York, is hereby appointed the Securities Depository for the Notes.

Section 12. Undertaking to Provide Continuing Disclosure. The (i) Chairperson or the Vice Chairperson and (ii) Secretary of the District are hereby authorized and directed to execute on behalf of the District, the Continuing Disclosure Agreement in connection with the Notes for the purpose of complying with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended.
Section 13. Compliance with Federal Tax Laws.

(a) The District represents and covenants that the project financed by the Notes and their ownership, management and use will not cause the Notes to be “private activity bonds” within the meaning of Section 141 of the Code, and the District shall comply with the provisions of the Code to the extent necessary to maintain the tax-exempt status of the interest on the Notes.

(b) The District also covenants to use its best efforts to meet the requirements and restrictions of any different or additional federal legislation which may be made applicable to the Notes, provided that in meeting such requirements the District will do so only to the extent consistent with the proceedings authorizing the Notes and the laws of Wisconsin, and to the extent there is a reasonable period of time in which to comply.

Section 14. Rebate Fund. If necessary, the District shall establish and maintain, so long as the Notes are outstanding, a separate account to be known as the “Rebate Fund” for the purpose of complying with the rebate requirements of Section 148(f) of the Code. The Rebate Fund is for the sole purpose of paying rebate to the United States of America, if any, on amounts of bond proceeds held by the District. The District hereby covenants and agrees that it shall pay from the Rebate Fund the rebate amounts as determined herein to the United States of America.

The District may engage the services of accountants, attorneys, or other consultants necessary to assist it in determining rebate amounts. Amounts held in the Rebate Fund and the investment income therefrom are not pledged as security for the Notes and may only be used to pay amounts to the United States. The District shall maintain or cause to be maintained records of such determinations until six (6) years after payment in full of the Notes and shall make such records available upon reasonable request therefor.

Section 15. Defeasance. When all Notes have been discharged, all pledges, covenants and other rights granted to the owners thereof by this Resolution shall cease. The District may discharge all Notes due on any date by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government (“Government Obligations”), or of securities wholly and irrevocably secured as to principal and interest by Government Obligations and rated in the highest rating category of a nationally recognized rating service, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Note to its maturity or, at the District's option, if said Note is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Note at maturity, or at the District's option, if said Note is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Notes on such date has been duly given or provided for.
Section 16. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the District and the owner or owners of the Notes, and after issuance of any of the Notes no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 18, until all of the Notes have been paid in full as to both principal and interest. The owner or owners of any of the Notes shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the District, the Governing Body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the District, its Governing Body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 17. General Authorizations. The Chairperson, the Vice Chairperson and the Secretary of the District and the appropriate deputies and officials of the District in accordance with their assigned responsibilities are hereby each authorized to execute, deliver, publish, file and record such other documents, instruments, notices and records and to take such other actions as shall be necessary or desirable to accomplish the purposes of this Resolution and to comply with and perform the obligations of the District under the Notes. The execution or written approval of any document by the Chairperson, the Vice Chairperson or Secretary of the District herein authorized shall be conclusive evidence of the approval by the District of such document in accordance with the terms hereof.

In the event that said officers shall be unable by reason of death, disability, absence or vacancy of office to perform in timely fashion any of the duties specified herein (such as the execution of Notes), such duties shall be performed by the officer or official succeeding to such duties in accordance with law and the rules of the District.

Any actions taken by the Chairperson, the Vice Chairperson and Secretary consistent with this Resolution are hereby ratified and confirmed.

Section 18. Amendment to Resolution. After the issuance of any of the Notes, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Notes have been paid in full as to both principal and interest, or discharged as herein provided, except: (a) the District may, from to time, amend this Resolution without the consent of any of the owners of the Notes, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and (b) this Resolution may be amended, in any respect, with a written consent of the owners of not less than two-thirds (2/3) of the principal amount of the Notes then outstanding; provided, however, that no amendment shall permit any change in the pledge of tax revenues of the District or the maturity of any Note issued hereunder, or a reduction in the rate of interest on any Note, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Notes may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Note to which the change is applicable.

Moody's Outlook: STA

NEW YORK, July 06, 2015 --Moody's Investors Services assigns a Aa2 rating to Milwaukee Area Technical College District, WI's $1.5 million General Obligation (GO) Promissory Notes, Series 2015-16B. Moody's also maintains the Aa2 rating and stable outlook on the district's outstanding general obligation unlimited tax (GOULT) debt which totals $87.2 million post-sale.

SUMMARY RATING RATIONALE

The Aa2 rating reflects the district's large and diverse tax base encompassing the greater Milwaukee (Aa3 stable) region; multi-year tax base declines; operating reserves that have declined in recent years but are expected to remain adequate; a low debt burden and a manageable unfunded pension liability.

OUTLOOK

The stable outlook reflects our expectation that district management will continue to maintain sound financial operations through proactive management of expenditures, which is critical given the district's limited revenue raising flexibility and trend of enrollment declines. The outlook also reflects the district's sizeable and diversifying tax base.

WHAT COULD MAKE THE RATING GO UP

- Significantly improved regional population, employment trends, and demographic profile
- Audited results showing stabilization of operations

WHAT COULD MAKE THE RATING GO DOWN

- Weakening demographic profile or deterioration of the district's tax base
- Declining enrollment trends that would further limit revenue growth
- Deterioration of reserves beyond levels currently budgeted

STRENGTHS

- Large and diversifying tax base with favorable location within regional Milwaukee economy
Manageable debt burden and unfunded pension liability; unfunded OPEB liability significantly reduced through recent changes

CHALLENGES

- Limited revenue raising power due to state authority over tuition setting and strict levy limits
- Declining enrollment, in excess of budgeted levels

RECENT DEVELOPMENTS

Since our last rating report on June 16, 2015, the MATC board has approved the district's fiscal 2016 budget. The budget includes flat enrollment, an increase in the property tax levy, and no use of reserves. In addition, the board approved the administration's recommendation to stop providing other post-employment benefits to new faculty employees hired after June 30, 2015. The district no longer offers post-employment benefits to any new hires. The balance of the report is largely unchanged from our previous report.

DETAILED RATING RATIONALE

ECONOMY AND TAX BASE: DISTRICT COVERS METROPOLITAN MILWAUKEE; GREATER THAN BUDGETED ENROLLMENT DECLINES

The district's economy is expected to remain relatively stable, despite recent valuation declines, due to the strength of the diverse commercial sectors within the district's boundaries. The district, which is one of the largest in Wisconsin's (Aa2 positive) technical college system, provides vocational education to residents of Milwaukee County (Aa2 stable), the majority of Ozaukee County (Aaa) and small portions of several other surrounding suburban counties. The City of Milwaukee comprises nearly 40% of the district's equalized valuation and 56% of the district's population, and is Wisconsin's largest urban center and economic hub.

After five consecutive years of declines, the district's very large $71.8 billion tax base grew by a moderate 2.3% in 2014. Inclusive of the increase, the tax base has declined by an average annual rate of 2.4% since 2009. The regional economy exhibits some manufacturing concentration as the sector represents approximately 15% of area employment, above the 9% national average; however, employment continues to diversify and there is a strong presence in health care, finance, and government. At 6.5% in March 2015, the unemployment rate in Milwaukee County was higher than the state and national rates of 5.4% and 5.6%, respectively, for the same time period.

District enrollment grew by 7% in fiscal 2009 and 9% in fiscal 2010, due to increased demand for education during the economic downturn. In fiscal 2011, this trend reversed and enrollment has since declined annually. Declines in fiscals 2011 through 2014 brought enrollment to approximately 12,417 FTE students. The fiscal 2015 budget, which includes a projected enrollment of 12,650 FTE, was based on a 350 student decline from the fiscal 2014 budget. However, enrollment for the fall and winter terms fell by more than management anticipated. Despite the addition of a condensed winter term during the traditional winter break that enrolled nearly 200 FTEs, fiscal 2015 enrollment is now projected at 11,805. Looking ahead, management has budgeted for flat enrollment for fiscal 2016 at 11,805. Enrollment is a key revenue source for Wisconsin technical colleges and continued declines may pressure the district's finances.

FINANCIAL OPERATIONS AND RESERVES: GENERAL FUND RESERVES DECLINING BUT EXPECTED TO REMAIN ADEQUATE

While three consecutive draws on reserves have narrowed the district's reserves, the district's financial profile should remain adequate due to the implementation of sizeable reductions in personnel costs for fiscal 2015 to achieve operational balance. Recent draws on reserves have been driven by enrollment declines, state aid cuts and drops in property tax revenues for general operations. Since fiscal 2010, total General Fund revenues have declined by 10.2% while expenditures have remained fairly flat. While technical colleges are generally able to maintain balanced operations through their strong flexibility to reduce instructional costs to match enrollment declines, this district's instructional expenditures have grown slightly over the last three years while enrollment has dropped by 10%.

For fiscal 2014, the district originally budgeted for a $13.8 million draw on fund balance. Budgetary savings were generated as a result of state law changes that required union members to pay a portion of required contributions to the state retirement system beginning in March 2014. This change also led many retirements of seasoned employees that were then replaced with more junior staff with lower salaries. Audited figures for fiscal 2014
indicate a more moderate $8.9 million draw on reserves, reducing fund balance to $25.6 million, or 14.5% of revenues. While district reserves currently remain adequate, they are narrow relative to state and national peers at comparable rating levels.

The district's fiscal 2015 budget reflects a modest General Fund operating surplus and officials anticipate balanced operations or a small operating surplus at fiscal year-end. The district has four enterprise funds, consisting of the Television Operations, Food Services, Bookstores, and Childcare Funds. Historically, the four enterprise funds collectively have required approximately $2.2 million of annual General Fund support to balance operations; however, in fiscal 2015 management budgeted to reduce General Fund support to $174,000 and use enterprise reserves and/or transfers among the enterprises to cover any shortfalls.

Management notes a commitment to maintaining reserves at a minimum of 10% of revenues, in compliance with the district's official reserve policy. The General Fund's three primary revenue sources are property taxes, tuition, and state aid, which comprise approximately 60%, 25%, and 10% of General Fund revenues, respectively. All of these revenue streams are constrained by state statute, with the state dictating tuition rates, aid distributions, and levy limits. Starting in fiscal 2015, Wisconsin Act 145 provides property tax relief by shifting a portion of funding for technical college districts from local property taxes to state sources. Specifically, each district will see an approximately 0.9 mill reduction in its operating levy in fiscal 2015 and the state will make each district whole that year. The Act includes a "hold harmless" provision allowing districts to restore levy authority if state funding is not available to make districts whole in subsequent years. Additionally, districts will still be allowed to capture annual revenue growth from net new construction. While we expect the Act to be revenue neutral for Wisconsin technical college districts, state aid related to Act 145 was received in late February, six months earlier than the district would have received the property tax revenues the funds are replacing. The shift from property tax to state aid is expected to eliminate MATC's need to borrow from other funds for cash flow purposes.

While the state's biennium budget has not yet been finalized, state funding for technical college districts is expected to be held flat. Given limited new construction in the based, management will be very limited in increasing property tax revenues for fiscal 2016. Based on the declines in enrollment in fiscal 2015, fiscal 2016 enrollment is now projected to total 11,805 FTEs. Despite an expected a reduction in state aid by approximately $1.2 million due to changes in funding formulas, the district's fiscal 2016 budget does not include any use of reserves. While some of the revenue loss will be offset by a property tax levy increase due to net new construction, certain positions have been held vacant in an effort to reduce costs. In addition, changes to the district's health insurance plans are expected to yield up to $1.5 million in cost savings.

Liquidity

The district's General Fund unrestricted cash was $25.6 million, or a satisfactory 14.5% of revenues, at the end of fiscal 2014. The General Fund holds cash on behalf of the district's enterprise funds. Net of the $12.9 million due to these funds at the end of fiscal 2014, the district's cash available for general operations was $12.7 million, or a somewhat narrow 7.2% of revenues. From fiscal 2009 to 2014, the district's General Fund cash has declined from $34.1 million, or 17.7% of revenues to $25.6 million, generating five-year dollar decline in cash as a percent of revenues of 4%.

DEBT AND PENSIONS: MODEST DIRECT DEBT AND PENSION BURDENS; LARGE UNFUNDED OPEB LIABILITY TO BE REDUCED BEGINNING FISCAL 2016

We expect the district's debt profile will remain manageable given aggressive principal retirement and the district's sizeable base. The district's 5.3% overall debt burden is above average and reflects significant borrowing of overlapping governmental entities, namely the Milwaukee Metropolitan Sewer District (Aa1 stable) and Milwaukee County. The district's direct debt burden is a more modest 0.1% of full value and 0.42 times operating revenues. Principal is amortized at a rapid 94.7% in ten years and the district's future borrowing needs are not expected to increase the debt burden substantially. The district issues debt 12 times annually and, throughout fiscal 2016, management expects to issue an additional $36.0 million in GO notes and bonds for remodeling and capital equipment.

Debt Structure

All of the district's debt is fixed rate and matures by 2032.

Debt-Related Derivatives

The district has no variable rate debt and is not party to any swap agreements.
Pensions and OPEB

The district has a manageable defined-benefit pension burden, based on unfunded liabilities for its share of two cost sharing plans, the Wisconsin Retirement System and the Employees Retirement System. The district’s aggregate pension contributions in fiscal 2013 totaled $14.3 million, which represented both the district’s and employees’ shares of required pension contributions. That figure represents a manageable 6.7% of operating revenues, inclusive of the General Fund and Debt Service Fund. The district has historically made its required contributions to the WRS. The three year average (2011-2013) of Moody’s adjusted net pension liability (ANPL) for the district, under our methodology for adjusting reported pension data, was 0.15% of full value and 0.51 times operating revenues, both of which are below average among Moody’s rated local governments. Moody’s ANPL reflects certain adjustments we make to improve comparability of reported pension liabilities. The adjustments are not intended replace the district's reported contribution information, but to improve comparability with other rated entities. We determined the district's share of liability for WRS in proportion to its share of covered payroll.

The district made significant changes to its other post-employment benefits effective July 1, 2015 that will reduce its unfunded OPEB liability over the long-term. Historically, the district offered a generous OPEB plan to qualifying retirees, including offering health insurance to those who would otherwise qualify for Medicare. As of July 1, 2013, the benefit had a sizeable unfunded actuarially accrued liability (UAAL) of $260.1 million. Beginning July 1, 2015, post-65 retirees receiving healthcare benefits from MATC have been moved to a Medicare Advantage Plan offered by United Healthcare. According to a recent actuarial study, the change is expected to reduce the district’s unfunded OPEB liability by more than $140 million to $118.3 million. In addition, the MATC board recently adopted policies to eliminate post-employment healthcare benefits to new faculty employees hired after June 30, 2015; MATC faculty were the last remaining category of employees eligible to receive such benefits. The changes are expected to have a positive impact on the district's OPEB liability. Management anticipates the changes will completely eliminate the district's OPEB liability over the long-term.

MANAGEMENT AND GOVERNANCE: STRONG INSTITUTIONAL FRAMEWORK WITH CONSIDERABLE EXPENDITURE FLEXIBILITY

Wisconsin community college districts (CCDs) have an institutional framework score of "Aa", or strong. Wisconsin technical college districts benefit from very large tax bases, ample reserves, and considerable expenditure flexibility provided by Act 10. These credit attributes partially offset revenue constraints caused by state control of tuition and enrollment fluctuations that run counter to economic cycles.
