Adult High School Comprehensive Examinations enable students to earn high school credit for subjects completed early, completed through self-study classes, or completed outside the classroom. These tests must have the approval of the associate dean of the Adult High School.

To be eligible to take a comprehensive examination, a student must be, or have been, enrolled in the Adult High School. A Comprehensive Examination Fee will be charged for each test given. A student who has failed a comprehensive test may take another form of the test whenever the instructor feels that s/he is ready. The completed tests are stored in the office of the associate dean and are discarded after one year.
