ON TRAC is a comprehensive program designed to give students the best possible assurance of reaching their educational and career goals. Orientation, testing, and counseling are a part of the admissions and registration process. The entire process is referred to as the ON TRAC program. The system may be divided into two components:

ON TRAC I

- Welcome to MATC
- Skills assessment in reading, math, language
- Introduction to Student Services
- Academic and career counseling

ON TRAC II

- Program orientation
- College policies and procedures
- Class selection
- Registration procedures for classes

Office of Responsibility: Student Services
