Invest in your future and enter the financial services industry with a solid foundation in banking and finance concepts. Topics introduced in this 13-credit program include financial markets and instruments, financial institutions, monetary policy and the Federal Reserve System, business cycles, accounting principles, sales presentations and Microsoft Office software.

Online Option
The courses may be taken on campus or entirely online; on-campus testing may be required.

Career Outlook
Opportunities within the industry include positions at banks, in addition to other types of financial services firms such as insurance companies and credit unions. Possible careers include credit specialist, insurance sales agent and loan specialist.

Career Pathway
The credits earned in this program can be applied toward completing the Financial Services technical diploma and the Banking and Financial Services associate degree. Meet with an MATC advisor for information.

Admission Requirements
- A high school diploma or GED
- Demonstration of proficiency in basic skills through a course placement assessment
