Transportation – Logistics

TECHNICAL DIPLOMA  Program Code: 30-182-2  | Oak Creek Campus

Begin your career in the growing transportation and logistics industry, which is involved with managing the movement of products and supplies. You can complete this diploma in two semesters to prepare for entry-level positions in the field. This program’s blended format is 50% online and 50% classroom.

**Career Outlook**
Employment of logisticians is expected to grow because supply and distribution systems have become increasingly complex, and important, in the global economy.

**CAREER pathways**
After earning this diploma, the credits can be applied to completing the Supply Chain Management associate degree.

**Workplace Competencies**
Employers will expect graduates to:
- Collaborate to integrate logistics with business systems and processes
- Maintain metrics, reports, customer service logs and other records
- Coordinate logistics operations
- Coordinate distribution center operations
- Negotiate transportation rates or services

**Admission Requirements**
- A high school diploma or GED
- Basic computer skills
- Demonstration of proficiency in basic skills through a course placement assessment

**Start dates:** August and January
Possible Careers

• Logistics Planner
• Logistics Coordinator
• Logistics Manager
• Transportation Coordinator
• Import/Export Coordinator
