

SATURDAY, MARCH 4

1:00 – 3:00 PM

**WHAT MATTERS MOST:
YOUR CHILD'S FIRST FIVE
YEARS**

Dr. Dipesh Navsaria, renowned pediatrician, and a panel of local experts will present information and answer questions about simple – and fun -- things you can do to help your child grow their brain. This event for parents and family caregivers of infants and young children is presented by MATC and Milwaukee PBS. Funding provided by the **Herzfeld Foundation** and the Terri and Verne Holoubek Family Foundation.

Did you know?

How you interact with your child affects the development of their brain!

Be part of this broadcast audience to ask questions and learn more.
