

## **SCHOLASTIC HONORS RECOGNITION PROGRAMS INTRODUCTION**

Milwaukee Area Technical College is committed to providing its students with academic enrichment and scholastic recognition opportunities throughout their educational pursuits. Each year, the Scholastic Recognition Committee in conjunction with the Office of the Registrar coordinates and conducts a variety of programs that honor and recognize students for their academic excellence and service to others.

The Scholastic Honors Recognition Information Sheets listed below provide general information about each of the college's honors recognition programs. The information includes a brief overview of the eligibility requirements, benefits and notification timetable for each program.

Students are notified by mail when it is determined that they are eligible for honors. When contacted according to the notification timetable, students will be directed to go to the college website to access detailed information materials including fact sheets and, when applicable, applications for the particular program.

Students are encouraged to apply for honors programs that require an application. You've earned the right to be recognized for your efforts and achievements!
