**Program Effectiveness Data**

Program effectiveness data includes the program completion rate, credentialing examination pass rate and job placement rate. Explanations of these measures and program data that correspond with the annual report most recently submitted to the JRCERT are noted below. This information can also be obtained at www.jrcert.org/resources/program-effectiveness-data. Questions about program effectiveness data should be directed to the Program Director.

**Program Completion Rate – 2014**

This is an annual measurement of the number of students that began the program divided by the number of students that actually completed the program. The program’s completion rate for 2014 was **76%**. **16 of 21** students expected to complete the program in 2013 completed it in that year.

**Five-year Program Completion Rate Average**

**121** students began the program between the years 2010-2014. **75** of those students completed the program for a **5 year program completion average of 62%**.

**Credentialing Examination Pass Rate - 2010 through 2014**

This reflects the number of students that pass the American Registry of Radiologic Technologists (ARRT) certification examination on the first attempt within six months of graduation from the program. The figure reflects an average over a five-year span. The program’s credentialing examination pass rate stated as an average from the years 2010 through 2014 (**5 year average**) is **92%**. **75 out of the 80** graduates of the program taking the ARRT certification examination within six months of graduation passed on the first attempt.

**Job Placement Rate - 2010 through 2014**

This number reflects students that gain employment in the radiologic sciences within twelve months of graduation versus the number that graduate and are actively seeking employment. The figure reflects an average over a five-year span. The program’s job placement rate as an average from the years 2010 through 2014 (**5 year average**) is **93%**. **69 of the 64** graduates actively seeking obtained employment in the radiologic sciences within twelve months of graduation.
