All MATC Health Science students are required to complete and upload health requirements prior to petitioning for courses which contain a clinical component. MATC School of Health Sciences has partnered with Certified Background.com to provide health record tracking for all MATC Health Sciences students. The cost of the health record tracking is the responsibility of the student.

Use the steps below to complete the Certified Background (CB) electronic health record tracking process.

- Visit CertifiedBackground.com website: www.certifiedbackground.com
- Look for the place order box on the homepage.
- Enter the package code MF47im (package code is specific to the Renal Dialysis program)
- Follow the directions to setup your CB account

* The cost of the health examination and immunizations are your responsibility. You may be able to obtain health care services at your local Health Department or you may call 1-866-211-3380 for a list of clinics in your area.
* If a student is accepted into core technical courses via petitioning, he or she will receive instructions for completing mandatory drug testing. The cost for the drug testing is the responsibility of the student.

- (1) Physical Examination
- (2) Measles, Mumps and Rubella (MMR) Vaccination
- (3) Varicella (Chicken Pox) Vaccination
- (4) Tuberculosis Test
- (5) Tetanus Vaccination
- (6) Hepatitis B Vaccination Form
- (7) Hepatitis B Virus (HBV) Verification – Blood Testing
- (7A) Verification of Hepatitis B Virus (HBV) Status: Blood Test Results
- (8) Handbook Acknowledgement
- (9) Liability Release
- (10) Essential Functions Form
- (11) CPR Certification
- (12) Influenza (Flu) Vaccination
(Print Name and Address)

TWO STEP MANTOUX TUBERCULIN SKIN TEST:

Documentation of a Two Step test must be submitted. Skin tests are good for 1 year. If the 2-step is more than a year old, attach documentation of the past 2-step dates, along with a current annual update.

PROCEDURE:

Step 1:
A Mantoux Tuberculin Skin Test of 0.1 (STU) PPD is administered under the skin on the forearm.
A health care professional must read the results within 48-72 hours. If negative perform step 2. If positive, must follow-up with a chest x-ray.

Step 2:
Repeat the test within 7 to 30 days after the application of the first test using the same strength of PPD.
A health professional must read the results within 48-72 hours.
If positive, must follow-up with a chest x-ray.

QUANTIFERON – TB GOLD TEST:

The TB Gold blood draw may be performed in place of skin tests. TB gold blood draws are good for one year and a copy of the lab report must be attached to the health packet.

Hepatitis B Vaccination Form
(6)

Please read thoroughly and check the appropriate box.

☐ As a student, I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring Hepatitis B Virus (HBV) infection. I have been advised to be vaccinated with Hepatitis B vaccine. However, I decline Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine, I can pursue the vaccination series. I hereby release Milwaukee Area Technical College, its Board Members, and personnel, and any clinical facility at which I train from any liability for any consequences to me or any claims arising out of or related to my decision to be or not to be vaccinated. I hereby agree to indemnify all of the above persons and organizations for any and all claims, including the attorneys’ fees and costs, which may be brought against any one of them by anyone claiming to have been injured as a result of any injury which may occur as a result of my decision.

OR

☐ I do not wish to decline the Hepatitis B vaccine. I am currently in the process/or have completed the series. Understand that full immunity requires three doses of vaccine over a nine-month period.

Student Name: ___________________________ Signature: ___________________________ ID #: ___________________________
TO: RENAL DIALYSIS TECHNICIAN PROGRAM APPLICANTS

RE: Hepatitis B VIRUS (HBV) BLOOD TESTING

Renal Dialysis Technicians work in areas that are considered to be "high-risk" exposure areas for blood-borne pathogens (disease-producing germs). One such pathogen, the Hepatitis B Virus, is a major concern for dialysis staff members and patients because it is easily transmitted in the blood.

Current practices in dialysis require that ALL persons who perform dialysis therapy must be free of the Hepatitis B Virus, either in the active infectious state or the chronic carrier state. This practice will require periodic blood testing of the MATC dialysis technician student during the educational/clinical program year. Please be advised that any student who currently has a Hepatitis B Virus infection, or who is a carrier of the Hepatitis B Virus is NOT permitted to work with renal dialysis patients.

Laboratory studies of the student's blood will be required for verification of the Hepatitis B Virus status. To satisfy current practices, this laboratory test must be performed prior to petitioning for entry into the program. Negative Antibody tests will have to be repeated every 6 months while in the program.

While immunization is NOT a program requirement, MATC strongly recommends that the student be immunized against the Hepatitis B Virus (the virus which causes hepatitis) since the student is frequently exposed to blood. The vaccine consists of a series of 3 injections given into the arm at specified time intervals, and is 80-90% effective in producing immunity against the Hepatitis B Virus. Please discuss this recommendation with your physician. Sources for the vaccinations are listed below.

If you have any questions regarding this requirement for admission, please contact your Program Coordinator at 414-297-6263.

HEPATITIS TESTING:
Hepatitis B Virus testing can be done at many locations. Please check your insurance coverage since some policies may cover partial payment. Several suggested locations are listed below:

- Your private physician or laboratory
- Public health departments
- City resource number 866-211-3380

IMMUNIZATIONS:
Hepatitis B Immunizations can also be done at various locations. Please check your insurance policy, since some policies will cover this cost in part or in full. Several suggested locations are listed below:

- Your private physician
- The public health department in your community
- City resource number 866-211-3380
Verification of Hepatitis B Virus (HBV) Status: Blood Test Results (7A)

I, ____________________________________________ (Student name) and ID # ____________________________ have had a Hepatitis B Virus blood test per requirement of the MATC Dialysis Technician Program. This test is a combined HBV antigen AND antibody test. The results of the tests are:

The results of the **HBV Antigen** Test are: (check one, please)

___ The student tests **Negative** for Hepatitis B Surface Antigen.

___ The student tests **Positive** for Hepatitis B Surface Antigen.

AND

The results of the **HBV Antibody** Test are: (check one, please)

___ The student tests **Negative** for Hepatitis B Virus Surface Antibody.

___ The student tests **Positive** for Hepatitis B Virus Surface Antibody.

Please include a copy of the lab report with this form.

These tests were performed on (date) ____________________________

Student Name: ___________________ Signature ____________________ ID #: ______________
In consideration of its educational value and individual benefits, students will be enrolling in courses that require him/her to assume the duties of his/her field of study. Students must follow standard precautions established by his/her program and clinical/field placement site. Depending on the program, students understand that there are a number of risks/dangers that may be encountered.

The student may come in contact with sharp, contaminated medical instruments, contagious diseases, infectious blood and/or body fluids, electrical instruments, electronic devices or other risks associated with patient care/non-patient care and the particular site.

Transportation and safety to, from and during the clinical experience is the responsibility of the student. Be aware that precautions must be taken when walking to and from parking lots at various times of the day and night.

The student is not eligible to participate in any of the fringe benefit programs the clinical/field placement site maintains. In addition, the student is not eligible for any unemployment benefits as a result of his/her participation in the program. The student agrees and understands that he/she is responsible for his/her health and medical bills for sickness and injury. Any injuries that a student suffers while participating in the program will not be covered by the Wisconsin Worker’s Compensation Act. Therefore, it is critical that every participating student obtain health insurance coverage.

The student agrees to the fullest extent permitted by law, to indemnify, defend and hold harmless: MATC, its Board, agents, officers and employees from and against all loss and expense including costs and attorney’s fees by reason of liability for damages including suits, in law or in equity, caused by any wrongful, intentional or negligent act or omission of the student which may arise out of or in connection with the activities covered by the program.

In signing this release, the student acknowledges and represents that he/she has read and understands the above. The student further acknowledges that he/she is at least eighteen (18) years of age and fully competent to sign this agreement and release. Students under eighteen (18) years of age are required to have the signature of a parent or guardian on this agreement and release.

**I give permission to release information on the health requirements to the professional college and clinical affiliate staff if it is deemed necessary for the benefit and/or safety of myself and others.**

CPR Certification: American Heart Association 2 year Healthcare Provider level only.

Sign your CPR card and upload a copy of the FRONT and BACK of the card to Certified Background.com.
**ADA AND ESSENTIAL FUNCTIONS**

The Americans with Disabilities Act (ADA) of 1990 (42 USC & 12101, et seq.) and the ADA Amendment Act of 2008, and Section 504 of the Rehabilitation Act of 1973 (29 USC & 794) prohibits discrimination of persons because of her or his disability. In keeping with these laws, Milwaukee Area Technical College makes every effort to insure a quality education for students. To aid in student success, it is important to inform students of the essential functions demanded by a particular occupation. The purpose of this document is to ensure students acknowledge that they have been provided information on the essential functions required for their chosen program. To meet the Essential Functions, information on accommodations is available upon request of the applicant. Please visit the MATC Student Accommodation Services Department.

**INSTRUCTIONS**

- Click on **YOUR** program link below.
- Read the essential functions required for success in your program.
- If you have read and understood the essential functions for your program, sign and date this form below.
