Emergency Medical Technician

TECHNICAL DIPLOMA  Program Code: 30-531-3  |  Mequon, Oak Creek campuses

Prepare to enter the emergency services field, which involves working with other healthcare professionals to deliver critical, pre-hospital emergency medical care. This program also is designed to enhance existing skills of individuals working in the field. Successfully completing the program with a grade of C or higher prepares you to take the National Registry Examination, required for certification and licensure in Wisconsin.

**Workplace Competencies**

Employers will expect graduates to:
- Function as a member of the pre-hospital emergency medical care team
- Be able to perform patient assessments and communicate observations to other emergency medical personnel
- Possess knowledge and skills in methods designed to begin emergency medical treatment when necessary
- Have knowledge and skills associated with stabilization and transport of injured or ill patients

**Career Outlook**

The opportunities within the medical services field are growing steadily. Employers include private ambulance services, hospitals, fire departments, industrial firms and security companies.

**Admission Requirements**

- Age 17 and older (Must be at least 18 at time of National Registry testing)
- Background check
- Students entering the program must have an official high school or GED/HSED transcript, and an ACT or MATC assessment score above the program minimum

Start dates: August and January
