

POLICY

Title: INSTRUCTIONAL SUPPORT	Code: E0100
Authority: Board Minutes, 12/13/72; 7/29/91; 9/25/07	Original Adoption: 12/13/72 Revised/Reviewed: 10/26/18 Effective: 9/26/07

The district board shall provide support for the development of districtwide class scheduling, development of curriculum, development of learning systems, preparation of instructional materials, evaluation of student achievement, library access, and instructional technology.

Programs and courses of instruction will be coordinated districtwide. This will include planning, scheduling, evaluation, and instructional publications.

Facilities and services of a district professional staff will be provided on a districtwide basis to assist the faculty with the development, modification, and improvement of instructional programs and courses in all instructional divisions both day and evening.

The Center for Teaching and Learning Technology and library facilities and services are provided districtwide to provide direct support for preparation and presentation of instruction.

The district will ensure that scheduling, development of curriculum, development of learning systems, preparation of instructional materials, evaluation of student achievement, library access, and instructional technology are in compliance with the Americans With Disabilities Act.
