

# Maintenance Certification

Class Starts Monday Jan.14th  
Oak Creek Campus

Milwaukee Area Technical College and the Wisconsin Skill Certification Initiative is proud to announce the following continuing education class for individuals who have manufacturing experience and are interested in obtaining the ***Manufacturing Skill Standards Council (MSSC) Maintenance Awareness Recognition Award.***

This class offers training and assessment to incumbent and dislocated production workers seeking to obtain the **MSSC Maintenance Awareness certification for advanced manufacturing.** These competencies are based on skill standards that are nationally recognized by Manufacturing Skill Standards Council (MSSC) that includes:

- Learn to perform preventive maintenance and routine repair
- Monitor indicators to ensure correct operations
- Provide Training to maintain equipment
- Perform Housekeeping to maintain production schedules
- Maintenance Simulations and much more...

**"The MSSC System provides industry with a new set of tools to ensure that both entering and incumbent workers are flexible. Easily trainable and highly motivated knowledge workers' in the high-performance work organizations of the 21<sup>st</sup> century."**

James McCaslin, President and COO  
Harley-Davidson Motor Company

# Maintenance Certification Class Registration Form

**MSSC Production Worker Certification** is designed to assess and validate that individuals have the technical as well as employability and academic skills needed to work in an advanced manufacturing setting. Rigorous assessment is part of the fabric of this class to ensure the integrity of the certification. The full production worker certification covers four core competency areas: **Safety in the Workplace, Quality and Continuous Improvement, Manufacturing and Production Processes, and Maintenance Awareness.** Each area is addressed with a separate preparation and assessment. To register for this class please complete and return the registration form below. **Join us and get MSSC certified!**
