

# Celebrate Hispanic Heritage Month

Sponsored by: MATC & Hispanic Collaborative

## Health Disparities, Latinos and COVID-19

Monday, October 5, 2020

12Noon to 1:00PM

Join us for a discussion on the Health impact during COVID-19 on our local Latino populations. We will share statistics and insights as to why Latinos are leading the numbers nationally, statewide and locally. What do the statistics show differently about Latinos and why is that? Based on how Latinos currently use or don't use health care, how is that impacting the current situation? Are there short and long term needs and strategies that the health care system needs to tackle to effectively address health disparities? Is there something that the community can do or approach differently to help our own situation?

### PANELISTS

Cristy Garcia Thomas, *Chief External Affairs Officer, Aurora Health Care*

Dru Bhattacharya, *VP Diversity & Inclusion, Aurora Health Care*

Dr. Julie Schuller, *President & CEO, 16<sup>th</sup> Street Community Health Center*

Rosamaria Martinez, *VP Community Health Initiative, 16<sup>th</sup> Street Community Health Center*
