

# Supply Chain Management

## ASSOCIATE DEGREE

Program Code: 10-182-1

### Oak Creek Campus

If you want to pursue a career in logistics, transportation, distribution, purchasing, production or inventory control, this program will interest you. Areas of study include supply chains and quality management. The program's blended format is 50% online and 50% classroom.

### Career Outlook

The projected employment outlook is steady for the field of supply chain management. Positions may require travel and overtime.

You can earn the Supply Management technical diploma or Transportation – Logistics technical diploma on your way to completing this associate degree.

### Program Learning Outcomes

- Implement supply management practices in a global environment
- Demonstrate operations management techniques across product and service industries
- Analyze logistic interfaces and activities in a supply chain
- Evaluate demand management techniques and customer service policies

### Admission Requirement

- A high school diploma or GED
