### Program Description

Prepare for success in the growing transportation and logistics industry, which is involved with managing the movement of products and supplies. The program’s blended format is 50% online and 50% classroom at the Oak Creek Campus; also offered 100% online.

### Career Outlook

Employment opportunities are expected to grow as supply and distribution systems become increasingly complex, and important, in the global economy.

### Program Learning Outcomes

- Define (plan) operations, transportation, procurement and distribution.
- Measure operations, transportation, procurement and distribution.
- Analyze operations, transportation, procurement and distribution.
- Improve operations, transportation, procurement and distribution.
- Control operations, transportation, procurement and distribution.
