

EKG Technician

CERTIFICATE

Program Code: 61-521-1

Downtown Milwaukee Campus

Learn the anatomy, physiology and pathology of the heart, and develop the skills needed to complete and interpret electrocardiograms (EKGs). This program prepares you to take the Certified Cardiographics Technician examination, leading to a Certified Cardiographics Technician (CCT) credential as administered by Cardiac Credentialing International (CCI).

Current MATC students should consult their [Academic Program Plan](#) for specific curriculum requirements.

After earning this certificate, your credits can be applied to completing the Cardiovascular Technology - Echocardiography or Cardiovascular Technology - Invasive associate degree.

Admission Requirements

High school diploma or GED; one year of high school-level biology, chemistry and algebra (grade C or higher). This program admits students through a petition selection process. See the program's webpage at matc.edu to view the petition process and all requirements.
