The Associate in Science degree provides you with the first two years of bachelor’s degree credit courses that will transfer to four-year colleges and universities. The courses in this degree emphasize the sciences and allow students many options to analyze information, think critically and creatively, respect diversity and collaborate with others. Courses may be taken online or face to face. Students who plan to transfer should consult with the four-year college/university regarding specific requirements for a major and the credit transfer details. Contact an MATC advisor for information.

Program Learning Outcomes
- Effective Communication
- Information Literacy
- Global Awareness
- Analytical/Critical Thinking
- Professionalism
- Scientific Method
(For full description, see matc.edu.)

Admission Requirement
- A high school diploma or GED

Start dates: August and January
Additional Electives — 5 credits required

Take five elective credits from 200- or 100-level courses. A maximum of six credits of 100-level courses may be selected as electives. Additional foreign language is not required but is recommended.

TOTAL CREDITS: 64

‡ Prerequisite required.

Program curriculum requirements are subject to change.

Note: It is important to consult the four-year institution regarding transferability of your selected courses. Successful completion of this degree requires a grade-point average of 2.0 (C) or higher, with 25% of the credits taken at MATC.

Current MATC students should consult their Academic Program Plan for specific curriculum requirements.
