Emergency Medical Technician

TECHNICAL DIPLOMA
Program Code: 30-531-3
Mequon and Oak Creek campuses

Prepare to enter the emergency services field, which involves working with other healthcare professionals to deliver critical, prehospital emergency medical care. This program also is designed to enhance existing skills of individuals working in the field. Completing the program with a grade of C or higher prepares you to take the National Registry Examination, required for certification and licensure in Wisconsin.

Program Learning Outcomes
• Prepare for incident response and EMS operations

Program Learning Outcomes (continued)
• Integrate pathophysiological principles and assessment findings to provide appropriate patient care
• Demonstrate EMT skills associated with established standards and procedures for a variety of patient encounters
• Communicate effectively with others
• Demonstrate professional behavior
• Meet state competencies for EMT certification

Admission Requirements
• Age 17 or older (Must be at least 18 at time of National Registry testing)
• Background check
• Students entering the program must have an official high school or GED/HSED transcript, and an ACT or assessment score above the program minimum

After earning this technical diploma, your credits can be applied to completing the Fire Protection Technician associate degree.
